Dear Bernie:

Thank you very much for your letter of February 23rd. I'm sorry I haven't been able to answer it sooner. Things here are in quite a bit of high pressure at this time due to our trying to absorb about 40,000 new names and send advertising and literature to them, and to answer the correspondence which has been resulting from our campaign.

It has been quite some time since I have read any articles coming from the Dianetic field. We have been gradually cutting ourselves away from it for quite some time, and have been expressing ourselves in other fields that to us promise the bearing of sweeter fruit. Our search has been a long one and we feel that we are beginning to approach the end result that we started seeking so many years ago.

Your comment about the proposed legislation in New York State is an interesting one, because it was being talked about just at the time when Dianetics first blossomed into being in Elizabeth and New York. At that time the bill was essentially the way you described what the compromise would be. Either they have changed or it is still the same problem being struggled for in the same way by the same lobbyist.

Although I know a good deal about Christian Science and the percept behind it, I personally have not been acquainted with it and I have seen many wonderful results from some of the work which Christian Scientists have done from the old school of Christian Science teachings. The newer forms of Christian Science teachings are not as effective as in the

days of Mary Baker Eddy, but this is not to see<sup>l</sup> you  
Christian Science because I feel that even this is <sup>not</sup> as  
effective as it could be, or as it should be.

I hope that I shall hear from you in the future and  
that perhaps some day we might even get together and  
kick some of the ideas around that have been developing  
in the last few years.

With warmth,
