

Exhibit 3

Association for Better Living and Education (ABLE) Solicitation Material Sent To Scientologists

1. The letter is addressed "Dear Scientologist." It refers to HCOB "The Purification Rundown..." which is one of the first steps on the religious progress chart "The Bridge To Total Freedom".
2. The letter quotes L. Ron Hubbard as saying drug use "prevents case gain." Case Gain is Scientology talk for progress up "The Bridge To Total Freedom." Scientology's purpose appears to be not so much getting people off drugs for their own benefit, as it is to get them off drugs so they can make progress into Scientology.
3. The promotional flyer has a copyright line showing that Narconon is owned by ABLE

6331 Hollywood Blvd. Suite 700
Los Angeles, CA 90028-6313

Dear Scientologist,

April, 1989

In HCOB "THE PURIFICATION RUNDOWN REPLACES THE SWEAT PROGRAM" L. Ron Hubbard states, "The planet has hit a barrier that prevents widespread clearing - drugs and biochemical substances. These can put beings in a condition that prevents case gain."

This message from LRH came after his years of research into the wide proliferation of drug usage during the 1960's, finding "that the single most destructive element in these societies today is drugs".

Recently NARCONON INTERNATIONAL made its most major progress to date with the acquisition of an entire township, actually located in North America, at the site of former Chilocco Indian School in north central Oklahoma.

Through negotiations with 5 Indian nations and the United States Bureau of Indian Affairs, Narconon now has the exclusive use of a 165 acre self sufficient school campus including over 80 buildings, sport fields, work shops, fire station and even its own lake.

In an unprecedented lease signed by the Five Tribes, Narconon and the Bureau of Indian Affairs, we now have a space capable of housing over 1000 Narconon program participants plus staff - for minimally 25 years, up to 50 years.

With key alliances in the Oklahoma government, the Indian nation and local officials, the progress of LRH drug handling methods has never been launched so widely.

Narconon Chilocco, when it opens in June 1989 present an example of magnitude needed for drug rehabilitation centers throughout the world with Narconon in the forefront.

Narconon Chilocco, however, represents only the first stepping stone toward reversing the insidious decay caused by drugs. With 70% of the United States population drug cases and biochemical personalities, we can scarcely afford to not do the strongest actions to end the drug dwindling spiral. With 10 years old children dealing drugs to 6-8 year olds in schools, a huge impact is needed now.

Your contribution to ABLE have provided the support needed to get this far, but Narconon Chilocco is not yet opened. Renovations and set-up costs alone total \$1,000,000. The return however is great with hundreds and hundreds of individuals returning to productive and drug-free living.

We need your support to complete this project and we need it now. Contact ABLE INT at 213-738-7800 or the address below to make your donation now.

Sincerely

Dick Story
Director of Donations

**“The planet
has hit a barrier
that prevents
widespread
clearing —
drugs and
biochemical
substances.”**

— L. Ron Hubbard

The drug problem is continuing to grow:

- Entire towns are being destroyed by the crippling effects of Crack.
- Drug-related crime statistics including deaths are rising daily.
- Currently there are more illegal PCs being made daily in Los Angeles alone than are routing onto The Bridge® internationally in the same 24-hour period.

There is a solution.....

The Association for Better Living and Education (A.B.L.E.™) would like to urge you to join us in salvaging this planet from the ravages of drugs.

We have the technology. We must reverse this trend. Our personal futures, the future of our families and our group depend upon it.

Narconon™ International along with ABLE have joined forces with the leaders of 5 Sovereign Indian Nations to refurbish the Chilocco Indian school campus as the site of a Showcase Narconon facility.

This 80-building, 167-acre facility was previously the premier Indian school in the nation and is considered by them as sacred ground.

They too are plagued by the devastating effects of drugs and see this union with Narconon and ABLE as a new hope for the future of their nations and have named the facility The New Life Center.

We are working day and night to ready the facility to meet our opening deadline in September.

Your contributions will assist immensely in our efforts to create a total revolution in the field of drug rehabilitation.

We have created the following packages to acknowledge your assistance in establishing the Narconon New Life Center at Chilocco.

1) The Founding package is awarded to those who donate \$5,000 or more to the Chilocco program. It consists of the following:

A) A beautiful showpiece for your home or office which will acknowledge you as one of the founders of the "Narconon New Life Center at Chilocco."

B) Your name will be inscribed along with L. Ron Hubbard's on the Honor Role at the "L. Ron Hubbard® Hall" at Chilocco.

C) You will receive a special invitation to the Grand Opening Ceremony scheduled for September at Chilocco — a major event with Heads of Indian Nations, VIPs, Senators, Congressmen and popular celebrities.

Chilocco Donator Commendation

2) Those who want to help but who donate less than the \$5,000 required for the founding package will receive a special commendation aesthetically designed acknowledging you for your contribution to getting this showcase of LRH™ Drug Rehabilitation Technology established.

Join with us in creating this facility by sending in your donation now!

Ensuring the Tech Is 100% Standard!

You can also contribute by donating money for the purchase of LRH materials to be used in the delivery of the Narconon Program.

Compilations are being done right now of the materials that will be used for delivery at the Narconon New Life Center at Chilocco.

The LRH materials on drug rehabilitation are being completely certified and newly packaged to ensure that 100% standard tech is available and delivered!
