Channel 3, Target 5: Seems like it would be good to have FSM just give "her" (P.C.) to the clerk so he'll write it down on an invoice with her address - so there's no misduplication by the laundry clerk. She can do this in a crazy manner so that she doesn't have to actually give the clerk any clothes to clean which can be traced.

Then she can go into her room about asking for her "already cleaned" clothes.

1) When TM or Pin Ball FSM meets with Lovely, they get drunk! Another FSM male, has a funny typed out joke. One of these full page sexy jokes. It has a plain white cover on it - a plain typewriter sheet. FSM has 2 copies of this. He shows one copy all around the bar, obviously so that lovely and FSM can see him doing it. The drunkenly comes over to FSM's table and wips out "joke" to show FSM. Both FSM and "drunk" are careful not to touch plain sheet! The 2 sheets are folded as if to be mailed. When drunk picks up joke again, he whips it up by its corner and puts it in his long open wallet or puts it in his hat that he should be wearing for that purpose. If the hat is used, "drunk" goes into the bathroom and carefully puts "joke" into his wallet. Drunk is always acting the fool. Drunk leaves.

65. Write up a situation in which you could use the 3rd Party Law as the basis for an operation, what your product would be, and how you would go about achieving that product.
66. Read the Target Series.
67. Mock up a fictional project to carry out off the major target of: " (person) of (group) losing his/her job from which he/she is attacking Scientology."
68. Now demo what could happen if you did, or had this project done without the major target stated.
69. Demo what could happen if there were no primary targets.

71. Demo what could happen if there were no conditional targets.
72. Demo what could happen if there were no operating targets.
73. Demo what could happen if there were no production targets.
74. Read Black PR, PR Series 7.
75. Demo the differences, similarities and identities between regular PR and Black PR.
76. Read the survey data in PR Series 13,14,15R,16.
77. Mock up an Ops situation for which a more formal type survey might be advantageous to use; mock up the cover you'd use while taking the survey, how it would be executed, and what questions you'd ask.
78. Read How to Handle Black PR, PR Series 18.
79. Demo how a rumor that has no basis in fact can go through a society.
80. Demo why an Ops propaganda campaign based on true data lasts longer and is more effective than one based on false data.
81. Write an essay on what you would do if while running operations on ~~an~~ an opponent, the opponent begins to run a black propaganda campaign on you (ie, tries to discredit your ops actions). Include how you would do it.
82. The Enemy Line, PR Series 27, read it.
83. Demo an ops situation where the enemy makes a "Glutz FR" mistake in trying to defend gainst your op, and how you would capitalize on it.

84. Read FBI Bulletin, May 67, "Typewriter Examinations".
85. Mock up an Ops situation which involves your typing up a document which is intended to wind up in enemy hands. Take each point listed in the FBI write-up which could present a security problem to you and write up how you're going to handle it when typing up your document.
86. Read FBI Bulletin, Feb 67, "Document Examination from a Photocopy".
87. Mock up an ops situation where you'd want to use an altered or phoney document. Based on the FBI write-up, write out what steps you'd take to make the document most difficult to examine for authenticity.
88. Now produce such a document.
89. Read FBI Bulletin, 1966, "Approximate Age of a Document".
90. Mock up a document which would be hard to date as to its creation.
91. Now attach a cover sheet to the document explaining each basic thing you did to accomplish a document which is hard to date.
92. Read the book, Black Boomerang, by Sefton Delmar; and while reading the book note down any major ideas you get on applying a method or technique presented in the book to your Ops post duties.
93. Develop one or more of these ideas in a write-up, and also list any points you would need to research further in order to fully carry it out.
94. (prerequisite to doing Spy and His Masters items is completion of Spy and His Masters items on the GO WW check-sheet - GO 1314)  
Read Chapt. 3 of Spy and His Masters.
95. Clay demo why it is important for the operations case officer to be able to run tight control on the operations agent while an op is in progress.
96. Read Chapt. 4. and Chapt. 5.
97. Write up an operation in which the agent carrying out the operation would need a pretty good cover.
98. Now write-up in full a cover for that operation agent which is:
  - a. Not sufficient for the operation and the agent and the Org would get blown on the simplest investigation.
  - b. Overly sufficient for the agent, would never get blown, and would be so elaborate and time consuming to mock up that it would be impractical.
  - c. Sufficient to get the job done, cannot be blown, and can be built in enough time to be of use.

99. Clay demo a situation in which you are exposing documents obtained by a collections agent still in place, and the cover you are using in exposing those documents so that the collections agent ~~doesn't~~ doesn't get blown.
100. Read Chapt. 6.
101. Now go out and observe and speak with several Scientologists and several wogs on non-Scientology subjects. Note ~~any~~ all major observations about Scientologists which tipped you off to them being a Scientologist that you did not observe in the wogs. List them out. (This drill must be done honestly from the viewpoint of not knowing beforehand whether the person is a Scn or not)
102. Now for each item on the list write out how you would handle those characteristics in a potential ops agent so that he would not be spotted as a Scn. after being observed by or talked to by the enemy.
103. Read GO 1735 Intell and PTSs.
104. Clay demo why you don't use a PTS agent to carry out an operation.
